Testimonials:

★★★★★

1 Heaven Sent

I have used it a dozen times over the past year. Started with a drive-through covid test for travel, then for school for kids, then for personal peace of mind. I used the doctor consult as well: fast and effective, one of the solutions to minimize disruptions in busy life. I appreciate it.

★★★★★

2 Love this app! HIGHLY recommend

Such and convenient app, use this for daily work clearance to be able to get cleared for work by inputting my symptoms. They even come to your house if needed. Definitely love the app and will continue to use.

kyla.com/ai

3 ★★★★★

One of my favorite Apps

I love that I can be educated in how to make the healthiest choices in order to maximize my life. Life is short and your time alive is precious. Not sure why this app hasn't blown up either, it's amazing and has been life changing for me.
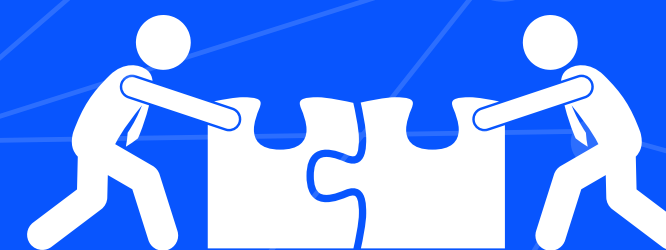

4 ★★★★★

Quick turnaround time

So thankful for their service. Turnaround times were just as expected! Thank you!
